AKNOWLEDGEMENTS

The gratitude of mine is given to Prof. Lal Balasooriya the Dean Faculty of Architecture, Prof. Nimal De Silva the Head of Architecture department. Further it is extended to the year masters of year 5 Archt. Vidura Sri Nammuni and Archt. Ranjith Alahakoon of year 6.

My deepest gratefulness is offered to Dr. Samitha Manawadu for being my tutor, guiding through the whole endeavor. To my colleague Ravin for all the advise and invaluable books that he lent me I salute extremely. I thank all the residents in Wanathamulla, navagampura and Panchikawatte settlements for all the help given me towards the consolation of this study.

To my brother Lal and sis-in-law Susima for lending me their computer and all other solaces, I thank heartily to them both. To Tammy I praise evenly for being with me in all despair encouraging me to the utmost. To the support of her parents I would extend my deepest acknowledgment.

Last but not least my greatest gratitude is given to my mother who supports me all ways in every struggle. I further acknowledge my late father and honour this study for his personage.
