Acknowledgement

“A study of pedestrian safety in Sri Lanka” was undertaken as part of the coursework required for the Master of Science degree in Transportation in the faculty of Engineering at the University of Moratuwa. The books and articles I have most depended on are identified in the text and listed in the references.

Among the persons who have most influenced me in this work is Dr. Amal Kumarage. Dr. Gamini Abeysuriya made valuable suggestions. A number of my colleagues in the RDA and RC&DC helped me with advice and comments. I thank them sincerely. Mr. I. H. D. Sumanaratne went out of his way to assist me in collecting data and organising the surveys. I am grateful to him and to the employees of RC&DC for their help in conducting the surveys.

My sponsor for this course is the Road Construction and Development Co.(pvt) Ltd. I wish to place on record my gratitude to the company. Finally, I must thank my wife Mali, for her tolerance and encouragement without which this work would not have been completed.

M.B.S.Fernando

Table of Contents

ACKNOWLEDGEMENT.....	I
TABLE OF CONTENTS.....	II
LIST OF FIGURES.....	V
LIST OF TABLES.....	VII
CHAPTER 1.....	1
IMPORTANCE OF SAFETY FOR PEDESTRIANS.....	1
1.0 Introduction	1
1.1 The objective and the scope of the research	4
1.2 Pedestrian fatalities.....	4
1.3 Road Safety Education.....	5
1.4 Accident costs.....	6
1.5 Road improvements.....	7
1.6 Pedestrian accidents and law enforcement.....	8
1.7 ADB funded Road Safety programme.....	11
1.8 Road Safety Engineering.....	12
1.9 Self-enforcing measures.....	12
1.10 The cultural gap.....	13
1.11 Vehicle design	14
1.12 Motorization	15
CHAPTER 2.....	17
DATA ON PEDESTRIAN SAFETY IN SRI LANKA.....	17
2.0 Sources of data.....	17
2.1 Pedestrian Accident Study.....	17
2.2 Traffic Accident Costs Study.....	18
2.3 Moratuwa-Egodauyana Road	19
2.4 Surveys at pedestrian crossings.....	19
2.5 Police accident statistics	21
2.6 Children's Traffic Education.....	22
2.7 Pedestrian Fatality Rates.....	22
2.8 Distribution of road traffic fatalities in Delhi, India	23
2.9 Human factors.....	23
2.10 Human error	25
2.11 Medical Fitness	26

CHAPTER 3.....	28
ANALYSIS OF PEDESTRIAN ACCIDENTS.....	28
3.0 <i>Introduction to Pedestrian safety</i>	28
3.1 <i>Safety Education</i>	31
3.2 <i>Comparison of pedestrian safety situation</i>	32
3.3 <i>Fatality Index</i>	36
3.4 <i>Age distribution of pedestrian accident victims</i>	40
3.5 <i>Child Fatalities</i>	40
3.6 <i>Fatalities among the youth</i>	41
3.7 <i>Pedestrian accident victims distribution by sex</i>	42
3.8 <i>Marital Status of Victims</i>	44
3.9 <i>Education and Employment</i>	45
3.10 <i>Income of pedestrian accident victims</i>	45
3.11 <i>Significance of the day of the week</i>	45
3.12 <i>Involved vehicles</i>	47
3.13 <i>Influence of the road type on pedestrian accidents</i>	50
3.14 <i>Influence of intersections on pedestrian accidents</i>	50
3.15 <i>Speed of the Traffic Flow</i>	51
3.16 <i>Influence of Lighting conditions</i>	52
3.17 <i>Movements of the victim at the time of accident</i>	55
3.18 <i>Safety at pedestrian crossings</i>	56
3.19 <i>Pedestrian operated signals</i>	61
3.20 <i>Overpasses and Underpasses</i>	65
3.21 <i>Sobriety of pedestrian victims</i>	65
3.22 <i>Origin and destination of victims</i>	69
3.23 <i>Purpose of travel</i>	70
3.24 <i>Mode of travel</i>	70
3.25 <i>Police and legal action</i>	70
3.26 <i>Disability of victims</i>	71
CHAPTER 4.....	76
COUNTERMEASURES FOR PEDESTRIAN ACCIDENTS.....	76
4.1 <i>Introduction</i>	76
4.2 <i>Engineering measures</i>	77
4.3 <i>Enforcement of Motor Traffic Laws</i>	94
4.4 <i>Vehicle defects</i>	95
4.5 <i>Who is at fault ?</i>	96
4.6 <i>Road Safety Education</i>	97
4.7 <i>The Child and Traffic Programme</i>	98

CHAPTER 5.....	102
CONCLUSIONS	102
LIST OF REFERENCES	107
APPENDIX 1	111
SUMMARY OF SURVEY DATA OF PEDESTRIAN ACCIDENT STUDY	
UNIVERSITY OF MORATUWA.....	111
APPENDIX 11.....	112
QUESTIONNAIRES USED FOR THE PEDESTRIAN ACCIDENT SURVEY BY	
THE UNIVERSITY OF MORATUWA FORTRL / ATKINS STUDY	112
APPENDIX 111.....	113
RESPONSE OF DRIVERS AND PEDESTRIANS AT PEDESTRIAN CROSSINGS	113
APPENDIX 1V.....	114
QUESTIONNAIRES FOR RESPONSE OF DRIVERS AND PEDESTRIANS	
AT PEDESTRIAN CROSSINGS	114
