5.3.4.3	Setting out of the building.	66
5.3.4.4	Forms of the building.	67
5.3.4.5	Composition of the building.	68
	Conclusions to the survey three.	68
	Conclusion.	70
	Bibliography	72

Acknowledgement.

First and foremost I wish to extend my sincere thanks to **Professor Nimal de Silva** , Head of the department of Architecture for encouraging me with a lot of informative and constructive ideas to complete this book.

Secondly my grateful thanks are extended to **Arct. Vidura Sri Nammuni** and **Arct. Ravin Gunarathne** for their valuable comments given at the initial stage of my effort.

As the coordinator **Dr. Rohinton Emmanuel** has given sufficient guidance , commenting on the synopsis and therefore I owe a lot of gratitude to him for his kind supervision.

Having explained all the problematic issues , **Dr Samitha Manawadu** inspired me with a lot of ideas regarding the dissertation and I thank him to granting me helpful discussions.

In addition I make acknowledgement of the facilities and permission afforded by the **staff of Pollonthalawa Bungalow and Kandalama hotel** for letting me take Photographs and studying things relevant to the book.

Finally I would like to recognize the contribution of **my parents and friends** for encouraging me and sharing my ideas throughout the book.
