**'EXPRESSIVE QUALITY OF WATER' IN ARCHITECTURE;  
AN EXAMINATION OF ITS ROLE IN ENHANCING SPATIAL PROGRESSION**

UNIVERSITY OF MORATUWA, SRI LANKA

A Dissertation

Submitted to the Department of Architecture of the  
University of Moratuwa in partial fulfillment of the  
requirements for the degree of

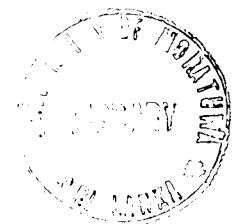

In

Architecture

## ACKNOWLEDGEMENTS

---

I am grateful to Prof. Nimal De Silva, and Dr. Samitha Manavadu Department of Architecture, University of Moratuwa, for all their guidance and valuable comments they have given to me throughout the study.

I am also profoundly grateful to Archt. Vidura Sri Nammuni Year Master M.Sc I, and coordinator Dr. Rohinton Emmanuel Department of Architecture, University of Moratuwa, for all his comments, guidance and inspiration from the initiation of this study.

Spatially I must thank Archt Dinali Amarathunaga, Archt Prassana Kulathilaka, Archt Sudarshana Wijejunawardhana and Archt Bimba Wickramasinghe for providing me sufficient information and guidance for the success of the course.

My warmest thanks to my friends and colleagues, Indika, Dakum, Bandaranayake, Mihiri, Deepani, for their kind support in numerous ways in the completion of the study. My spatial thanks Mr & Ms. Mendis, Mr. Jayasinhe, for supporting numerous ways.

Very spatial thanks to Kalana and my brother and sister for their all supports and encouragement throughout the study being the contestant force behind me.

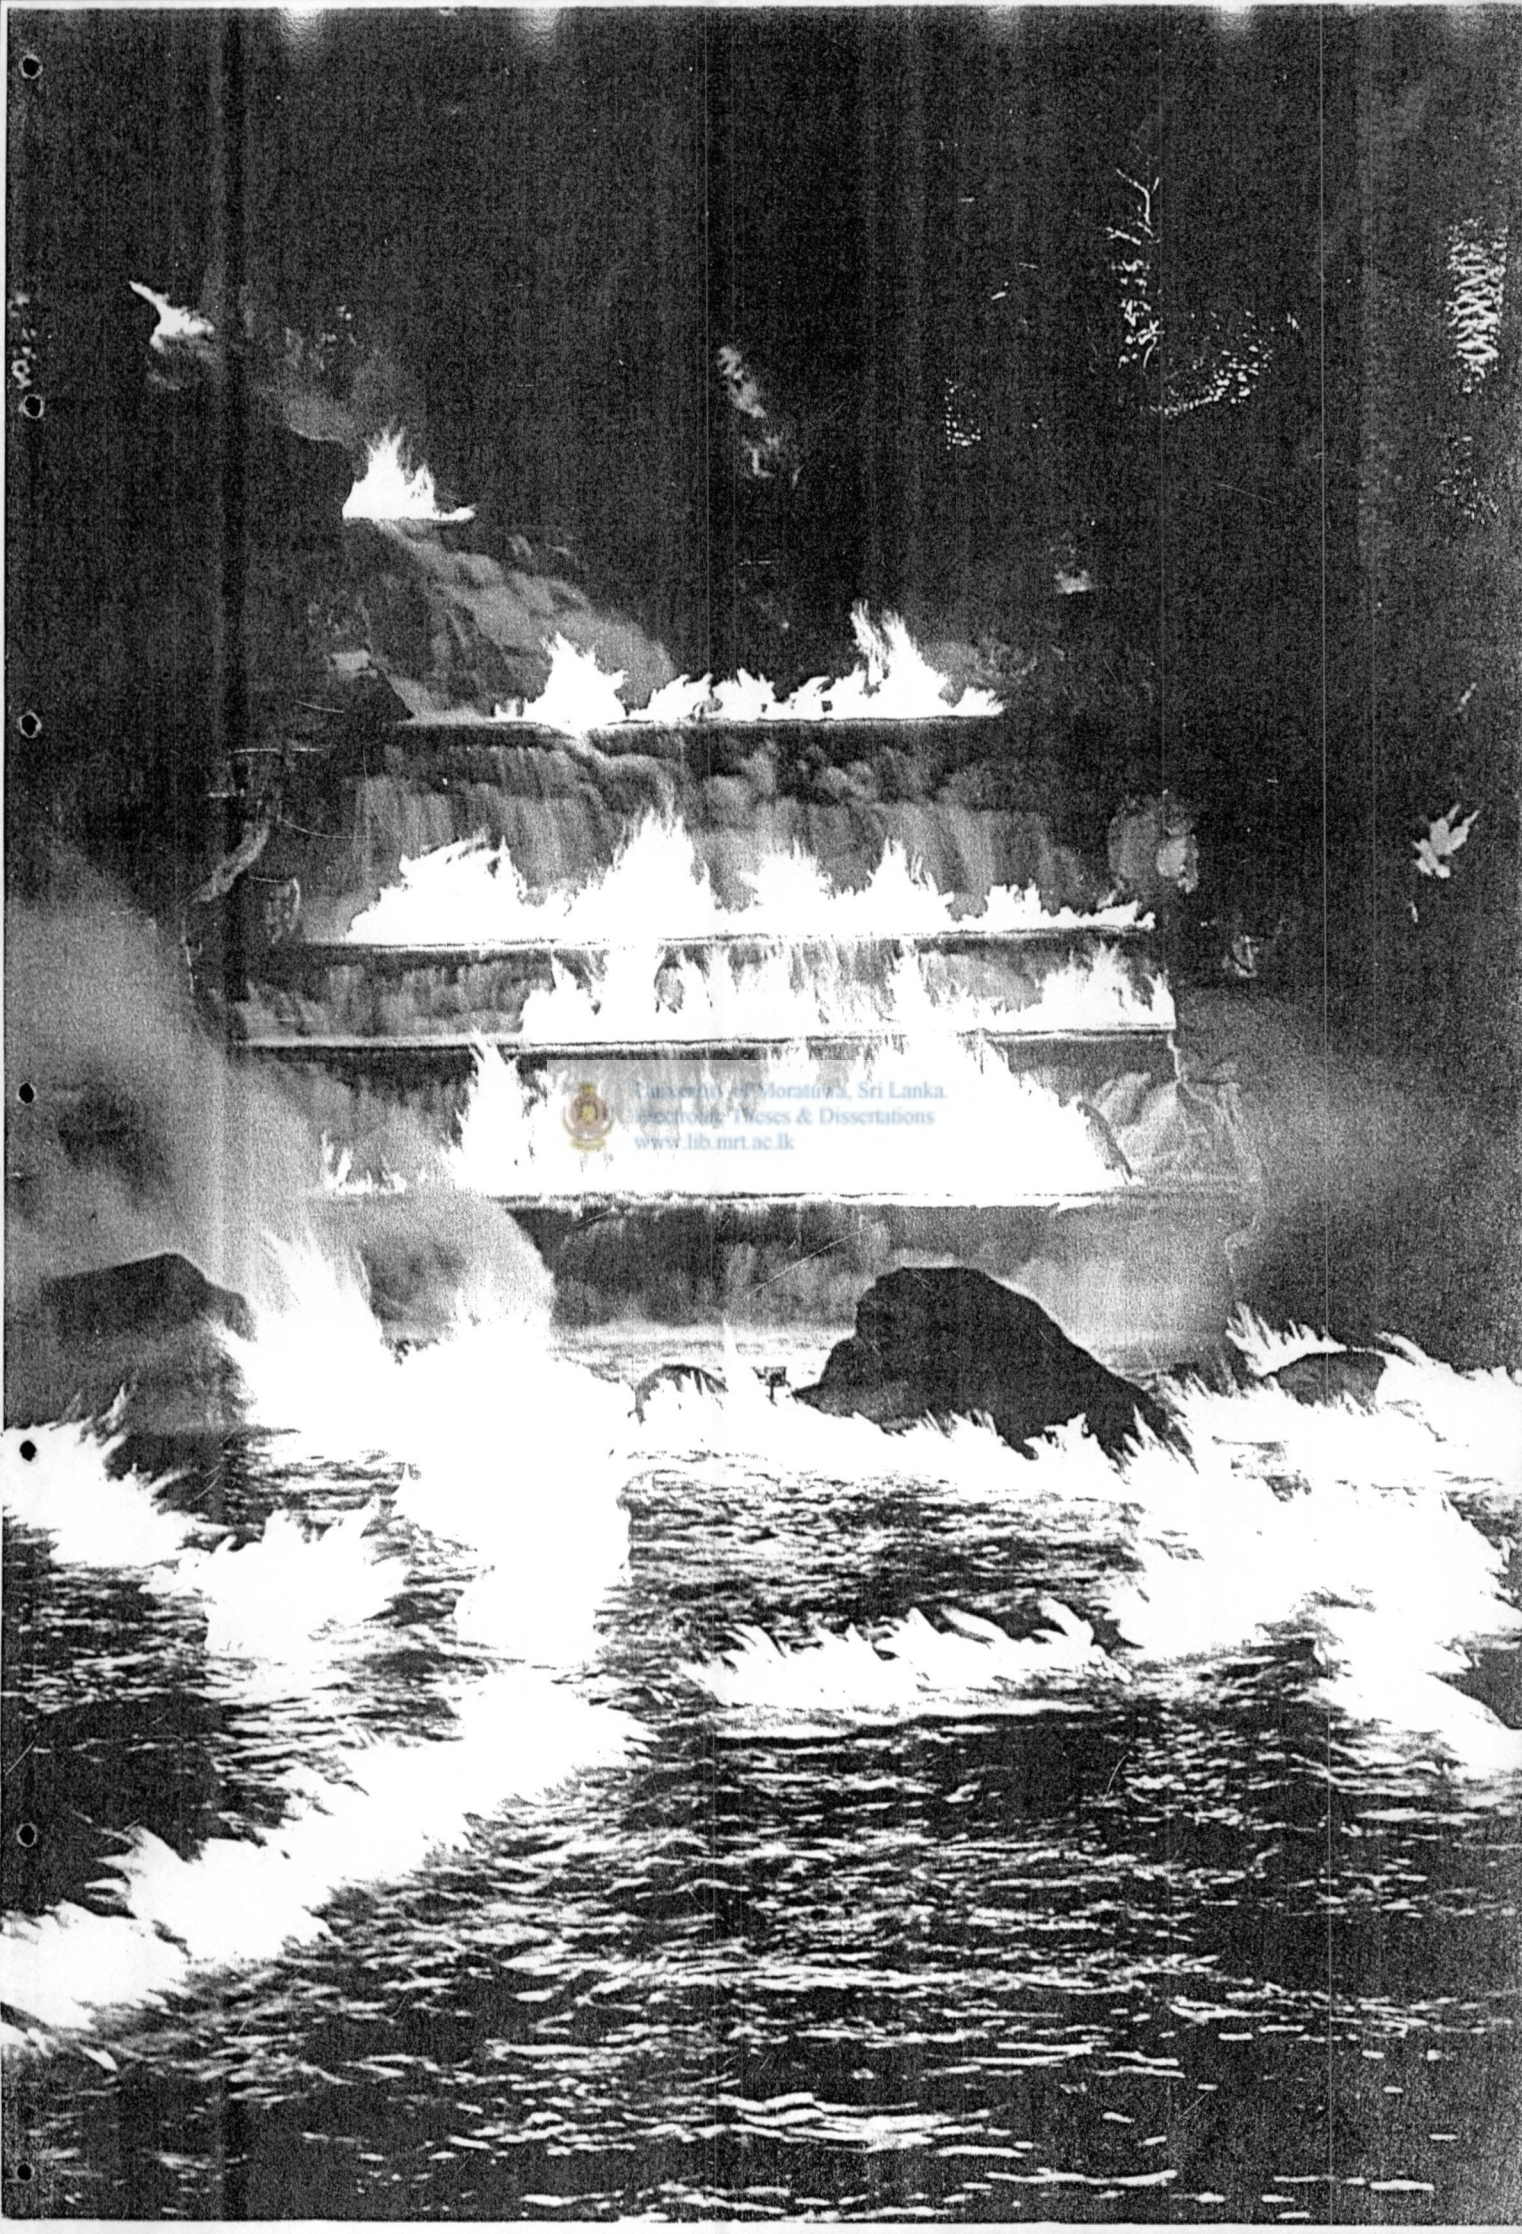

Finally for my dear parents for their encouragement, support and Love.

# CONTENTS

---

## INTRODUCTION

1. Observation
2. Criticality
3. Causes
4. Remedies
5. Intention of the Study
6. Methodology

## CHAPTER ONE – ARCHITECTURE: THE SPATIAL EXPERIENCE

1.1 Space As Protagonist In Architecture	1
1.2 Spatial Progression As Orchestration Of Spaces	4
1.2.1 Approach	5
1.2.2 About To Enter	7
1.2.3 Entering	7
1.2.4 Entered	7
1.2.5 Configuration Path	7
1.2.6 Climax	7
1.3 Reciprocal Actions Of Spatial Progression	8
1.3.1 Pause	8
1.3.2 Movement	8
1.3.2.1 Here And There	9
1.3.2.2 This And That	9
1.3.2.3 Push And Pull	9
1.4 Importance Of Expression In Spatial Progression	9
1.4.1 Definition Of Expression	10
1.4.2 Generators Of Expression	11
1.4.3 Expressions As A Determinant Of <i>Rasa</i>	13

## CHAPTER TWO –

### ENHANCING THE QUALITY OF SPACE THROUGH THE EXPRESSIONS OF WATER - *Expressions as Means of Creating “Rasa”*

2.1 ‘Expressive Quality Of Water’ As A Generator Of RASA	
2.1.1 <i>Veera</i> (Heroism)	18
2.1.2 <i>Bhakthi</i> (Devotional)	19
2.1.3 <i>Shantha</i> (Peace)	20
2.1.4 <i>Haasya</i> (Joy)	20
2.1.5 <i>Karuna</i> (Tearful)	21
2.1.6 <i>Shungara</i> (Romantic)	22
2.1.7 <i>Raudra</i> (Exited)	22
2.1.8 <i>Vibathsa</i> (Disgustful)	23
2.1.9 <i>Adbuta</i> (Amazement)	23
2.1.10 <i>Bhayanaka</i> (Fearfull)	24
2.2 Characters Of Water	25
2.2.1 Nature	25
2.2.2 Surface	27
2.2.3 Scale Of Water	29
2.2.4 Color	31
2.2.5 Sounds	32

## CHAPTER THREE – EXAMINATION OF THE RELATIONSHIP BETWEEN ‘EXPRESSIVE QUALITY OF WATER’ AND SPATIAL PROGRESSION.

3.1 The Relationship Between ‘Expressive Quality Of Water’ And Spatial Progression In Built Environment	34
--	----

3.2 Case Studies	
The Relationship Between ‘Expressive Quality Of Water’ And Spatial Progression In Built Environment - <i>With Special Reference to Public and Private Buildings</i>	40
3.2.1 The Basis of Selection	40
3.2.2 Case Study One – Triton Hotel, Ahungalla	43
3.2.2.1 Location	43
3.2.2.2 Spatial Progression of the Building (Approach, About to enter, Entering, Entering, Entered, Configuration path, Climax)	44
3.2.2.3 Analysis- The Relationship between Spatial Progression and water Expression Pause Movement	45
3.2.3 Case Study two – Tropical Villa, Beruwala	48
3.2.3.1 Location	48
3.2.3.2 The Spatial Progression of the Building (Approach, About to enter, Entering, Entering, Entered, Configuration path, Climax )	49
3.2.3.3 Analysis- The Relationship between Spatial Progression and water Expression Pause Movement	51
3.2.4 Case Study Three –Diyabubula, Dambulla	53
3.2.4.1 Location	53
3.2.4.2 The Spatial Progression of the Building (Approach, About to enter, Entering, Entering, Entered, Configuration path, Climax )	53
3.2.4.3 Analysis- The Relationship between Spatial Progression and water Expression Pause Movement	55

3.2.5 Case Study Four- House at Palawaththa	57
3.2.5.1 Location	57
3.2.5.2 The Spatial Progression of the Building (Approach, About to enter, Entering, Entering, Entered, Configuration path, Climax)	58
3.2.5.3 Analysis- The Relationship between Spatial Progression and water Expression Pause Movement	60

<b>Conclusion</b>	63
