Acknowledgement

I express my sincere gratitude to my supervisor Dr. Amal S. Kumarage, for the valuable advice and support extended to me for completion of my work.

My appreciation would be incomplete, if I do not mention the support and help extended to me by Dr. J. M. S. J. Bandara.

I owe to the staff of the Division of Transportation Engineering, University of Moratuwa for supporting me to undertake the thesis work.

I would like to extend my gratitude to Shantha Mahawela, Mala Ranawake, Patric Classen and Nishantha Bandara for their laudable support throughout my thesis writing.

Above all, I wish to thank my husband Lal, without whose moral support, I would not have been able to complete my thesis.

University of Moratuwa, Sri Lanka.
Electronic Theses & Dissertations

List of Tables ix

List of Figures xii

Abbreviations xiii

1. Introduction

1.1 Use of Transport Models 1

1.2 Types of Transport Models 1

1.2.1 Physical Theories 1

1.2.1.1 Gravity Model 2

1.2.1.2 Entropy Maximisation 2

1.2.2 Economic Theories 2

1.2.2.1 Macroeconomic Models 3

1.2.2.2 Microeconomic Models 3

1.2.3 Utility Maximisation Theory 4

1.2.3.1 Deterministic Models 4

1.2.3.2 Stochastic Models 5

1.3 Transport Studies Carried out in Sri Lanka 5

1.4 Transport Models in Sri Lanka 7

1.4.1 Transport Sector Planning Study 7

1.4.2 DEMIDEPT Model 8

1.4.3 TRANSPLAN™ 8

1.4.4 CUTS Models 8

2. Study Area - Colombo Metropolitan Region Area

2.1 Study Area in General 9

2.2 Background of Land Use and Transport in CMR

2.2.1 Socio-economic Data

2.2.1.1 Land Area 12

University of Moratuwa, Sri Lanka. Electronic Theses & Dissertations

2.2.1.2 Gross Domestic Product 12
2.2.1.3 Population 13
2.2.1.4 Housing Units, Households and Household size 13
2.2.1.5 Vehicle Ownership Rate in Western Province 13
2.2.1.6 Employment and Jobs 14
2.2.1.7 Income 14
2.2.2 Historical Traffic Data 15
2.2.3 Rail and Road Network
2.2.3.1 Railway Network 17
2.2.3.2 Road Transport Network 17
2.2.4 Land Use Data 22

3. Data Collection and Analysis

3.1 Socio-economic data
3.1.1 Gross Domestic Product (GDP) 23
3.1.2 Population 24
3.1.3 Number of Housing, Households and Household Sizes 29
3.1.4 Vehicle Ownership Rate 32
3.1.5 Employment and Jobs 38
3.1.5.1 Jobs 38
3.1.5.2 Employment 39
3.1.6 Income 41
3.1.7 Urbanised Areas and Growth Centres 43
3.2 Road Network Data 47
3.3 Traffic Data
3.3.1 General 51
3.3.2 Adjusting time frames 51
3.3.3 Survey Locations 52
3.3.4 Data Conversion 53
3.3.5 Sample Size 53
3.3.6 Process of Analyzing of Survey Data 57
3.3.7 Traffic Data 57

Electronic Theses & Dissertations

4. Model Calibration

4.1 General 60

4.2 Base Model 60

4.3 Definitions

4.3.1 F-Statistics 61

4.3.2 f-significance 61

4.3.3 Coefficient of Determination (R^2) 62

4.3.4 Adjusted R^2 (R^2_a) 62

4.3.5 Testing Hypotheses 63

4.4 Variables Tested with Inter Zonal Trip Generation 63

4.4.1 Friction factor 64

4.5 Other Main Variables Tested with Inter Zonal Trip Generation 66

4.6 Variables Selected for Mode 66

4.6.1 Residuals 67

4.7 Correlation Coefficients 69

4.8 Error Analysis 71

University of Moratuwa, Sri Lanka.
Electronic Theses & Dissertations
www.lib.mrt.ac.lk

5. Application

5.1 Example 1

5.1.1 Estimating Inter Divisional Trips for 2010, using Future Socio-economic Data 75

5.1.2 Network Data 75

5.1.2.1 Distance Between DSDs 75

5.1.2.2 Travel Time Between DSDs 75

5.1.3 Socio-economic Data

5.1.3.1 Population 76

5.1.3.2 Number of Households 76

5.1.3.3 Number of Jobs 76

5.1.3.4 Vehicle Ownership 79

5.1.4 Outputs of Example 1 79

5.2 Example 2

5.2.1 Estimating Inter Divisional Trips considering job opportunities changes from fort area to Battaramulla area 81

5.2.2 Network Data 82
5.2.3 Socio-economic Data
5.3.3.1 Population 82
5.3.3.2 Number of Households 82
5.3.3.3 Number of Jobs 82
5.2.3.4 Vehicle Ownership 86
5.2.4 Outputs of Example 2 88

6. Conclusion 89

7. Appendixes

Appendix I *Socio-economic Data Preparation*

I Estimation of Operational Vehicle Fleet by DSD for 1996 ..... I - 1
II Estimation of Jobs by DSD for 1996 ..... I - 6
III Estimation of Average Income for 1981 and 1994 by DSDs ..... I - 9

University of Moratuwa, Sri Lanka.
Electronic Theses & Dissertations
www.lib.mrt.ac.lk

Appendix II *Survey Forms*

Network Data

Link Characteristics SF106

Node Characteristics SF107

CTS Survey Forms

Interview Questionnaire (Goods Vehicles) SF66

Travel Counting Form SF67

Passenger Interview Questionnaire SF68

CUTS and CMR Survey Forms

Roadside Interview Questionnaire (Goods Vehicles) SF80

Manual Classified Counts SF81

Roadside Interview Questionnaire (Passenger Vehicles) SF82

Southern Highway Survey Forms

Manual Classified Counts SF95

Roadside Interview Questionnaire (Goods Vehicles) SF98

Roadside Interview Questionnaire (Passenger Vehicles) SF99

Appendix III Conversion of Traffic Data

I CUTS to CMR Conversion ..... III - 1

II S/H to CMR Conversion ..... III - 1

III Adjustment of Records ..... III - 2

Appendix IV Data Conversion from Colombo Traffic Study (CTS) to the Format of Colombo Metropolitan Region Study (CMR)

I Direction ..... IV - 1

II Time Duration ..... IV - 1

III Origin and Destination ..... IV - 1

IV Convert of CTS zone cording to CMR Format ..... IV - 2

V Vehicle Types ..... IV - 3

VI Time Period ..... IV - 3

VII Occupancy ..... IV - 5

VIII Purpose ..... IV - 5

IX Commodity Types ..... IV - 6

X Rejected Data ..... IV - 6

XI Software Used to Convert the Data ..... IV - 6

Appendix V Entry / Exit Point Between Western Province and Other Provinces

Appendix VI Trip Purpose Matrixes

Home Base Work Trips – 1996 ..... VI - 1

Home Base Other Trips – 1996 ..... VI - 2

Non-Home based Trips – 1996 ..... VI - 3

Appendix VII Summary of Socio-economic Data and SPSS Program

SPSS Program ..... VII - 1

Summary of Socio-economic Data ..... VII - 7

Appendix VIII Outputs of Models (year 1996 and 2010)

Home Base Work Trips – 1996 ..... VIII - 1

University of Moratuwa, Sri Lanka.
Electronic Theses & Dissertations
www.lib.mrt.ac.lk

Home Base Other Trips – 1996 ..... VIII - 2
Non-Home based Trips – 1996 ..... VIII - 3
Total Trip Generations – 1996 ..... VIII - 4
Home Base Work Trips – 2010 ..... VIII - 5
Home Base Other Trips – 2010 ..... VIII - 6
Non-Home based Trips – 2010 ..... VIII - 7
Total Trip Generations – 2010 ..... VIII - 8
Increment of Trip Generation from 1996 to 2010 ..... VIII - 9

Appendix IX Outputs of Example2

Home Base Work Trips – 2001 (Without Change of Jobs in Colombo DSD) .....IX - 1
Home Base Other Trips – 2001 (Without Change of Jobs in Colombo DSD) .....IX - 2
Non-Home Based Trips – 2001 (Without Change of Jobs in Colombo DSD) .....IX - 3
Total Trip Generations – 2001 (Without Change of Jobs in Colombo DSD) .....IX - 4
Home Base Work Trips After Reduce Job Opportunities at Fort Area and Added them to Battaramulla Area – 2001 .....IX - 5
Home Base Other Trips After Reduce Job Opportunities at Fort Area and Added them to Battaramulla Area – 2001 .....IX - 6
Non-Home based Trips Reduce Job Opportunities at Fort Area and Added them to Battaramulla Area – 2001 .....IX - 7
Total Trip Generations Reduce Job Opportunities at Fort Area and Added them to Battaramulla Area – 2001 .....IX - 8
Difference of Trip Generation from Due to the Job Opportunities changing from Fort To Battaramulla Area .....IX - 9

University of Moratuwa, Sri Lanka.
