ACKNOWLEDGEMENTS.

I am profoundly grateful to Dr. Ranjith Dayarathna, senior lecturer, Department of Architecture, University of Moratuwa, and individual tutor, for all the valuable comment, guidance and inspiration.

My deep gratitude to Archt. Ranjith Alahakoon, senior lecturer, Department of Architecture, University of Moratuwa, for his invaluable information, initial guidance and encouragement.

Without their constant support and encouragement, this endeavour would never have been fruitful.

I am also grateful to Archt. D. P. Chandrasekara, senior lecture, Department of Architecture, University of Moratuwa.

I would wish to thank Mr. Weerasooriya and Mr. Alahakoon of the technical staff of the Department of Architecture.

My Warmest thanks to my friends and colleagues Menaka, Kalapriya, Shanthini, Senaka, Sonali Ekanayake and especially Abhaya and Sonali.

Finally, I am very grateful to my parents and my brother Deeptha and sister Uditha who gave me encouragement and heartiest support.

CONTENTS

Acknowledgements.

Introduction.

1. Topic Explanation. vi
2. The Need of the Study. vi
3. Aims and Objectives. vii
4. Methodology. vii
5. Scope and Limitations. viii

Chapter one. - Crowding and human behaviour.

1.0 Preface. 1

1.1 The Demographic Explosion . 2

1.2 Population and Its Composition. 2

1.3 Population Growth and Its Implications. 4

1.4 What is Crowding ? 4

1.5 Actual Crowding and Feeling of Crowding. 5

1.5.1 Actual Crowding. 5

1.5.2 Feeling of Crowding. 6

1.6 The Theoretical Models of Crowding. 7

1.6.1 The Stimulus Overload Model. 7

1.6.2 The Behavioural Constrains Model. 8

1.6.3 The Ecological Model. 8

1.6.4 The Attribution Model. 8

1.6.5 The Stress and Arousal Model. 8

1.7 Crowding as a Positive Phenomenon. 9

1.8 Crowding and Human Behaviour. 11

1.8.1 Biological Implications of Human Behaviour. 11

1.8.2 Human Behaviour and Culture. 12

1.8.3 Human Behaviour as a Merge Between Cultural and Biological Implications. 13

1.8.3.1 Territoriality. 13

University of Moratuwa, Sri Lanka.
Electronic Theses & Dissertations
www.lib.mrt.ac.lk

1.8.3.2 The Sense of Security. 15
1.8.3.3 Privacy. 15

Chapter Two. Space, Crowding and Tight Space.
2.0 Preface. 17
2.1 The Concept of Space in Architecture. 18
2.2 Experience. 18
2.2.1 Experiencing Space. 19
2.2.1.1 Pragmatic or Primitive Space. 20
2.2.1.2 Perceptual Space. 20
2.2.1.4 Existential Space. 20
2.2.1.5 Cognitive Space. 22
2.2.1.6 Abstract Space. 22
2.3 Architectural Space or Created Space. 23
2.4 Spatial Behaviour and Crowding. 23
2.4.1 Personal Space and Crowding. 24
2.4.2 What is Spaciousness ? 25
2.4.2.1 The Antithesis of Spaciousness. 26
2.4.3 Spatial Behaviour: The Physical Dimension. 27
2.5 Tight Space. 28
2.5.1 The Significance of Tight Space. 29
2.5.2 The City as a Tight Space. 30

Chapter Three. Crowding-Spatial Interface and Human Habitations.
3.0 Preface. 33
3.1 Tight Spaces and Crowding-Spatial Interface. 34
3.2 Tight Spaces and Human Habitations. 36
3.3 Extreme Examples of Tight Spaces. 37
3.3.1 Undersea Habitats. 37
3.3.2 Space Stations. 38
3.3.3 Offshore Lighthouses. 41

University of Moratuwa, Sri Lanka.
www.lib.mrt.ac.lk

3.3.4 Similar Characteristics in the Examples. 43
3.3.5 Concluding Remarks on Extreme Examples. 44
3.4 Historical and Contemporary Examples of Tight Spaces in Habitations. 45
3.4.1 Clusters and Grid Organisations. 45
3.4.1.1 Selection Criteria for Cluster Examples. 46
3.4.1.2 Ur- City State of Mesopotamia. 47
3.4.1.3 The Village of Der-El-Medina -Egypt. 49
3.4.1.4 The Islamic Cities - Algeria. 52
3.4.1.5 The Dogon Settlements -Africa. 55
3.4.1.6 Masai of East Africa. 57
3.4.1.7. The Puranagamas of Sri Lanka. 59
3.4.2 Individual Dwellings of Tight Spaces in Contrast. 63
3.4.2.1 The Selection Criteria for Examples. 63
3.4.2.2 The Eskimo. 63
3.4.2.3 Traditional Up-country Dwelling- Sri Lanka. 66
3.4.3 Mobile Habitations. 69
3.4.3.1 Selection Criteria for Mobile Habitations. 69
3.4.3.2 Bedouins and North African Berbers. 70
3.4.3.3 Yurts-Dwelling People. 73
3.4.3.4 Houseboats. 76
3.4.3.5 Housecars. 78
3.5 Concluding remarks derived from Extreme, Historical and Contemporary Examples. 80

Chapter Four. Strategies of More Liveable Environments for Tight Spaces.
4.0 Preface. 81
4.1 Analysis of Criteria of Strategies. 82
4.1.1 Change. 83
4.1.1.1 Changes in Routine Conditions. 84
4.1.1.2 Changes of the More Permanent Nature. 85
4.1.2 Personalisation. 87
4.1.3 Exposure to Natural Elements. 88

University of Moratuwa, Sri Lanka
Electronic Theses & Dissertations
www.lib.mrt.ac.lk

4.1.4 Accessibility. 91
4.1.5 Social Interaction. 92
4.1.6 Sense of Permanence. 92
4.2 Case Studies. 93
4.2.1 Case Study 1. 93
4.2.2 Case Study 2. 97
4.2.3 Case Study 3. 103
4.2.4 Case Study 4. 109

Conclusion. 113
